13th Anniversary Global Family Office Investment Summit

7-9 December 2020 Dubai, Waldorf Astoria Palm Jumeirah

“World’s No. 1 Family Office Conference” & “The Most Exclusive & Influential Gathering of Family Wealth ever held, where family office investing is not quarantined”

Hosted by **Ritossa Family Office**, a family business dating back 600 years to the time of the Venetian Empire in Europe, and with deep roots into the Middle East, this is the 13th event in a Global Series covering Dubai, Monaco, Riyadh and Miami - and the 8th one in Dubai. The most recent Summit in Dubai made global headlines as the most significant & influential family office gathering of all time, and becoming a landmark with hosting the 1st ever Israeli Investment Delegation in the Middle East with over 50+ VIP Israeli guests.

In light of new social distancing measures we are excited to host a limited number of ultra exclusive 250 **Elite Family Offices, Prominent Conglomerate Business Owners, Sheikhs, Royal Families, Private Investment Companies, International Business Mogels, Sovereign Wealth Funds, & industry professionals** representing over **\$4.5 trillion** in investor wealth and making it **the world's most influential gathering of elite family office decision makers**, with an investor delegate ratio of 3:1.

“Family Offices Investing For A Brighter Future” is the theme for our Dubai Summit & will act as a bridge between Middle East families and their European, U.S., Asian, Latin American & Israeli counterparts to meet, network and exchange information and ideas to start the journey of discovery and venturing together between like minded peers in a safe-harbour environment.

The summit is a private forum **exclusively organised by family offices for family offices**, ultra elite private investors, prominent business owners, Sheikhs, Royal family members, financial families and their private offices from around the world. The summit brings together the **world’s leading experts** geared toward **identifying actionable strategies** for generating returns in a low-rate, high volatility market. Facilitated by family offices, the summit will provide two days of **private peer-to-peer conversation, networking** and **cross-border thought leadership** designed to make you think about what to look out for, how you are investing, and why?

“The most highly acclaimed gathering of Middle East & Global Wealth to date”

“I have produced literally thousands of events and conferences around the world and never have I found such a broadness of vision and project. The official support of Sheikh Al Qasimi and the Monaco Prince, the presence of the heirs of Bahrain and Yugoslavia Royal families, the heirs of Reynolds, Rockefeller, Bismarck, Muhammad, Menelik, Selassie and most innovative global finance platform is something unheard of before. Your event ranks in first place as the most astonishing and inspired world summit. I’m very proud to collaborate.” Matteo Peri, CNBC Europe.
